

HIRAM JOHNSON WINS MICHIGAN BY 40,000

California Senator Beats Wood Badly While Hoover and Gov. Edwards Lead Democrats

(By Associated Press)
 Detroit, April 6.—With half the precincts voting in yesterday's presidential preferential primary tabulated, United States Senator Hiram Johnson, held a lead of 44,000 over Major General Leonard Wood for the republican endorsement. Herbert Hoover, whose name appeared on both ballots, is leading the democratic ticket by about 1,000 over Governor Edwards, of New Jersey. William G. McAdoo had 9,000 and Wm. J. Bryan 7,000 each.

JOHNSON MEN OPTIMISTIC
 Washington, April 6.—Reports that Senator Hiram Johnson was leading in the presidential primaries in Michigan led his supporters here to assert that this victory will be a tremendous asset to the Californian in the presidential contest.

They contend that from now on Senator Johnson will become an important factor in the race, a factor with which all other contenders will have to reckon.

To at least three of the leading candidates the Michigan election was looked upon as an elimination round in the presidential fight. These were Major General Leonard Wood, Gov. test, which would prove that candidate Frank O. Lowden and Senator Hiram Johnson. The managers for each candidate put forth strenuous efforts to make a showing in the Michigan contest, which would prove that candidate to be the real choice of the people or the Presidency.

To Senator Johnson the Michigan result meant he is putting of his candidacy definitely on the map. He got into the contest at a late stage of the game; long after the Wood and Lowden forces had completed their organization of the state. Johnson had only a handful of volunteer workers, practically no funds except those contributed by personal friends, and no organization to speak of.

His campaign was directed by Representative Crampton, of Michigan who, at his own expense, flooded the state with literature and with buttons bearing the slogan, "I'm for Hiram."

FRENCH OCCUPY TWO GERMAN CITIES

(By Associated Press)
 Darmstadt, April 6.—French troops occupied this city at 7 o'clock this morning. It was effected without incident. The German government garrison left at midnight and when the French arrived it was several miles away.

Frankfort, April 6.—Frankfort was occupied by 18,000 French troops early today. They met with no opposition. The only German troops encountered were volunteers, who surrendered.

JAPS FIGHTING WITH RUSSIANS

(By Associated Press)
 Washington, April 6.—A Japanese attack on Vladivostok which gave them control of that city resulted from "threatened and aggressive acts of a portion of the Russian army," according to an official dispatch from the Japanese war department received here today. It says the Japanese commander, after disarming the Russians, issued a proclamation saying he had no motive other than to maintain order. It was added that a battle between the Japanese and Russian army at Nikolsk and Khabarovsk is continuing. The battle was said to have been forced "by a sudden aggressive action of the Russian army."

MISGUIDED WOMEN

Washington, April 6.—Disregarding the warning of the federal government that they will be prosecuted under federal statutes, women favorable to the Irish Republic today resumed picketing of the British Embassy. The two first who appeared were arrested and the two who took their places were taken into custody. All were taken to the House of Detention. They gave their names as Mrs. Honor Walsh of Germantown, Pa., Miss Elaine Barrie, of Washington, Miss Helen O'Brien, of St. Louis and Miss Kathleen O'Brien, of Philadelphia.

DISTRICT MEETING OF ODD FELLOWS

Here Wednesday Night Will Be Happy Occasion In Membership Of Great Order

Madison county Odd Fellows are preparing for a delightful time at the district meeting of the 8th district here Wednesday evening at 7:30 o'clock. The session will be held in the I. O. O. F. building on East Main street. Grand Master W. B. Harris and Grand Secretary R. G. Elliott will be present and a general good time will be had. Local officials of the order say that business of great importance will be transacted and every member of the Lodge is urged to be present. About 30 lodges have been invited and a great outpouring of Odd Fellows is expected.

After the business of the evening has been transacted refreshments will be served by the sisters of Million Rebecca Degree Lodge No. 28.

All visiting Odd Fellows will be welcome in Madison Lodge No. 14.

LEGION ASKS MAYOR TO STOP PICTURE

Jesse Dykes Post Takes Steps To Prevent Further Exhibition Of Jack Dempsey

At its meeting Monday night, Jesse Dykes post, of the American Legion requested Mayor L. P. Evans to see if legal steps cannot be taken to prevent further exhibition here of the Jack Dempsey moving pictures. The Legion is proscribing Dempsey all over the country, it is said, because of the fact that he did not fight during the war and has now been indicted as a draft dodger in the California federal courts.

Mayor Evans was present at the meeting of the local post and assured the members that he would investigate what powers he may have in the premises. He said that he is in sympathy with the Legion desires in the matter and he will ascertain if his authority covers such a situation.

It is understood that the management of the local theatres expresses a desire to co-operate with the Legion sentiment on this and any other subject, but that it could arbitrarily stop the showing of the picture.

Members of the Legion were insistent Tuesday morning that the picture must be stopped. One declared that it "is going to be stopped, peacefully if possible—but it is going to be stopped."

WANTS TO TELL GEN. HART ABOUT PARIS

(By Associated Press)
 Washington, April 6.—Brigadier General Wm. Hart, former commander of American troops in the Paris district, today denied before the House war investigating committee that "strong-armed blood-thirsty police companies swept the Paris streets, making wholesale arrests of American soldiers. He also said he had not heard prisoners were put through the third degree to obtain confessions of crime or that they were inhumanly treated."

"That's why you are before this committee, said Representative Bland. "I have always contended you didn't know conditions but you will be informed."

To Put Miners Back To Work

New York, April 6.—Speaking of the situation in the bituminous coal fields of Kansas, Illinois and other states brought about by the dissatisfaction of miners with the new wage scale, President Lewis, of the United Mine Workers, today said as soon as official reports are received from the affected districts, prompt steps will be taken to get the men back to work and carry out the terms of the new agreement.

PAINT LICK BOY WINS FOR LOUISVILLE

Clell Tatum, the Paint Lick boy, who is being tried out by the Louisville ball club, seems to be making good, right off the reel. In a game against the Akron International League team Sunday, Tatum worked five innings in the box for Louisville. The Times said of his performance:

Big Bill Tatum, of Lancaster, Garrard county, Ky., proved to the satisfaction of approximately 1,000 Louisville and out-State baseball fanatics that he is a coming pitcher by hurling shutout ball against Dick Hohlitzel's International Leaguers for five innings yesterday afternoon. The Colonels won the game from Akron by a 5 to 4 tally by clustering their safe wallopers, while their opponents were scattering theirs. The lads from Buckeyeedom hit Tatum's tantalizing underhanded slants safely only four times.

The farmer boy famed Higgins and Webb in the third and forced Purcell to foul to Kocher. Scratch swats by Hohlitzel and Irvine failed to produce a mark in the fourth, in the fifth "Tate" sat Smith, Hill and Webb down without throwing a curve. Tatum, who travelled the first five periods for the Colonels, pitched great ball and blanked the Akronites during his stay at the slab. Two of the four hits gleaned off his delivery were of the scratchiest kind.

PHILIPS RENICK'S \$50,000 SUIT

The defense in the \$50,000 breach of promise suit of Helen Rose Barlowe, said to be now living in Louisville, against Philips Renick, wealthy young Clark county farmer filed a motion at Lexington has asking that he following part of Miss Barlowe's petition be stricken but on the ground that it is immaterial and irrelevant: "That during the time of their said engagement the defendant frequently took the plaintiff to Winchester, in Clark county, and exhibited to her large farming enterprises and an elegant residence owned and controlled by him, and disclosed to plaintiff the happiness and pleasure that would belong to them upon the consummation of their marriage agreement." The motion was filed by Allen & Duncan, W. H. Townsend, and Miller & Miller, all of Lexington, counsel for Renick.

The Potter Shoe Co., Cincinnati, Ohio, desire to inform you that their representative, Mr. E. L. Fraken, will be at the Glyndon Hotel, Wednesday and Thursday, April 7 and 8, with a selection of all that is smartest and most correct in select footwear for the coming season. It is hoped you will find it convenient to attend this interesting exhibit.

TEACHERS WANT TO KNOW

At Owensboro teachers have served notice on the Board of Education that they will not apply for reappointment until they know what salaries will be offered. They are asking for an increase of 60 per cent in salaries.

That Levi Rigg, colored, who died at his home in Nicholas county, was past 100 years old, was attested by authentic evidence submitted when the census was taken recently.

WAS MAKING BOOZE FROM CHICKEN FEED

(By Associated Press)
 Lexington, Ky., April 6.—Federal prohibition officers today visited the home of Wm. Hicks, here. They said they found a moonshine still fashioned from a milk can and producing a beverage from chicken feed. Thirty gallons of mash was confiscated. Federal authorities say that Will Clark, Dennis Clancy and D. Thompson, who were arrested in Catfish and held to the Federal Grand Jury by Commissioner Samuel S. Yantis Saturday, were arrested on suspicion of having been implicated in the theft of 94 cases of liquor, valued at \$28,000, from the Old Tarr distillery three weeks ago.

The three suspects are in Covington jail in default of \$5,000 bond, and are held on the technical charge of having transported whisky from Carlisle to Lexington. The Federal authorities are continuing their search for the whisky, which was removed by masked men who held up the watchman and left him bound during the raid here.

William Shields, night watchman at the former Old Tarr distillery, now S. H. Bailey's storage warehouse, said today that last night three or four men were found on the premises, and it is believed they were attempting to rob the warehouse. He said he fired several shots and forced the men to leave.

To-day 76 barrels, valued at \$206,000 the last of the Old Tarr whisky held here, was shipped to the general warehouse at Louisville, under special permission from Elwood Hamilton, Collector of Revenue.

THAT STORM IN LINCOLN

A dispatch from Stanford says that a wind storm of cyclonic proportions did great damage to the remote southern end of Lincoln county early Monday. Fifteen houses were blown down and nearly as many barns. Mrs. P. T. Reynolds and Mrs. D. O. Lewis, of Stanford, sought shelter in a barn on John Read's farm and the building was blown over. Both of the women were caught by the timbers, but escaped serious injury. The loss is estimated at thousands of dollars with little insurance.

MIX-UP OF MULES AND AUTO

At Barbourville an auto driven by Ellsworth Henson ran under a mule ridden by Jack Lewis. Lewis landed on the rear seat, and the mule was carried on the radiator of the car for 200 feet. The car was little damaged, the mule less and the two youths not at all.

RAILROADERS BUY RAVENNA STORE

A stock company formed by railroad employees which bought the J. M. Durbin store at Ravenna will give battle to the high cost of living with a co-operation established. A large stock of general merchandise will be installed immediately.

CATTLE SILAGE TEST TO BE ANNOUNCED

Mr. Thomas H. Collins has just been notified that a three year test in comparing the value of corn silage and sorghum silage for feeding steers is just being completed at the Kentucky Experiment Station at Lexington. This work has been conducted with a view to determining the acre yield of the two crops and their relative value pound for pound in producing beef. Some very interesting results have been secured in this experiment, and a Beef Cattle Day has been arranged for Monday, April 12th, at which time the public is invited to be present to inspect the cattle and receive information as to the results of the work.

The meeting will be called to order at 2:30 p. m. and short talks will be made by President Frank McVey, Dean Thomas Cooper and Prof. E. S. Good and others. In all probability the steers which have been on experiment this year will be sold on the above date.

THREE MORE HELD IN BURGIN BOOZE CASE

Officers in Jessamine county arrested Bert Robinson, Russell Kines and R. C. Duncan, who are charged with having broken into the Dowling Warehouse at Burgin Friday night. This makes six in all who have been arrested. The others are Hugh Logan Scott, Raymond Segaser and Fred Watts. They are members of prominent families of Jessamine and Garrard counties. It is said that Duncan is the eldest of the crowd and was also the leader.

The party was thoroughly equipped for the task they had in hand. They had milk cans and lard cans enough to remove about sixty gallons of whiskey. They had two pinch-bars, a pair of heavy bolt or iron cutters; fifty feet of new rubber hose; ball of twine. The twine was used to signal with. One of the party stood where he could watch the movements of the storekeeper and would pull the string to signal the workers.

Operation On McClintock

Rev. J. A. McClintock, who has been a patient in the St. Joseph's Hospital in Lexington, the past week, submitted to an operation for tonsilectomy Monday afternoon. His wife and children here have been victims of flu but are convalescent. A message from Mr. McClintock late Monday evening stated that he stood the operation well, which will be good news to his friends here.

WANT HIGHWAY MEETING AT DANVILLE

Plans For Work To Start This Summer, If Possible, To Be Discussed

An effort is being made to have a meeting in Danville Thursday of representatives from the various counties along the new Federal Highway, that ends here at Richmond, and which has been assured by the generous donations of a lot of public spirited citizens. The Danville Messenger said of the matter the other day:

An effort is being made to have a meeting in Danville next Thursday of all parties interested in the proposed Federal Highway through this section of the state, and definite announcement in this regard will be made as soon as the other counties can be heard from. Hart, Green, Taylor, Marion, Boyle and Garrard counties, through which the road will run, have agreed to meet the requirements of the national government.

It is planned to have a meeting here of representatives from these various counties next week, when the question of building the road and discussing the matter in general will take place. Those interested in the project desire to get together and see that everything necessary for the carrying out of plans for building the highway is done. While the speakers for the meeting have not been named a representative from the State Road Department will probably be asked to be present and outline just what steps must be taken at this time in order to have the work started on the road.

Mr. G. G. Appelton, of Danville, division engineer of the State Road Department, has just returned from Frankfort and states surveyors will be put to work at an early date, but it will require two or three months before they can complete their work and contracts can be let for building the road.

The Garrard county road department has started on work on the pike from Lancaster to Richmond, and will soon have it in good shape, so that when work starts on the federal highway, the old road bed will be as fit as possible. The Lancaster Record said of the work that is being done:

Messrs. Hughes Bros. and Ware, local contractors, who have a contract for the construction of five miles of the Richmond turnpike, have commenced operations. Work is nearing completion on the new concrete bridge over Back Creek at Point Leavelle, the culverts are all down and work will begin in earnest this week. The crusher will be placed at the quarry at the Denny farm, which is about midway of the work. Messrs. Hughes and Ware have had a lot of experience in road building, and when completed this will be one of the best turnpikes in the country.

NICE LITTLE DANCE AT LONDON

Six youths came to London from Corbin to a dance. All were arrested before festivities had progressed far on the charge of illegal possession of whisky. Three quarts, the automobile in which they had brought it and a pistol were confiscated.

A SPLENDID OFFER ON FAMILY WASHING

Every woman in Richmond should take advantage of the special price of 15 cents per pound, which the Madison Laundry is making on family finished work, and send her entire washing. This is a great thing for Richmond women and should be the means of relieving them of their greatest worry. American housewives everywhere are taking advantage of the service which the modern laundry renders, and there is no more up-to-date and progressive plant anywhere than right here in our own town. 83-1

MADISON BOY TO GET GOOD POSITION

In Event Gilbert Wins For Congress—Rodes S. Terrill To Be His Private Secretary

If Judge Ralph Gilbert, of Shelby county, is nominated and elected as the Democratic candidate for congress in the 8th district, a Madison county young man will be his Private Secretary at Washington. This announcement was made following a visit by Judge Gilbert to Richmond Monday and Tuesday, when he offered the position to Rodes S. Terrill, one of the best known young men of Richmond and the county. After conferring with a number of his friends, and canvassing the situation, Mr. Terrill accepted Judge Gilbert's offer. A large number of friends of the popular young man have already assured him that since he is to have such an attractive place in the event of Judge Gilbert's election, that they will now heartily support the latter in the primary and regular election. Mr. Terrill is a deputy county clerk, and son of R. R. Terrill. He is one of Madison's best known young democrats, an ex-service man and a member of the American Legion and the fact that he is personally interested in the success of Judge Gilbert will mean that the latter is assured of the strongest support in Madison county; in fact, his friends are saying that he will now carry this county by an overwhelming majority.

Judge Gilbert met a lot of democrats here Monday and Tuesday and made a fine impression upon all. Sheriff Tandy Chenault, formerly of Madison, was over from Shelby Monday and put in a lot of good work for Judge Gilbert. Mr. Chenault served in the fiscal court in Shelby at the time that Judge Gilbert was county judge there. Mr. Chenault says that Judge Gilbert made a model official in every way and that he measures up to the highest standards as a citizen and a democrat and will make a representative in congress of whom not only the old 8th district but the whole state will be proud. Mr. Chenault urged all of his old friends back here in Madison that they will make no mistake to support Judge Gilbert.

TWO "TELL ON" NIGHT RIDERS AT MAYFIELD

Mayfield, Ky., April 6.—The situation in this city and Graves county has been made extremely tense by the revelation by two young men of the names of practically all of the men who took part in the burning of the tobacco chute here last month, and the young men are now under guard of soldiers following their voluntary appearance before the grand jury.

As a result of their evidence many warrants will be issued at the instance of the grand jury, some of them being against several of the most prominent farmers in this section. The sheriff and his deputies will serve the warrants under protection of soldiers.

The city is quiet this morning, with the machine gun company quartered in the circuit clerk's office at the courthouse, ready for instant action should any trouble break out.

The names of the two witnesses alleged to have turned State's evidence are being closely guarded. No new threats have been made as far as can be learned, and the city has assumed an aspect of normal.

BEREA COLLEGE BOY CAUGHT IN CINCY

News has been received from Cincinnati that a Berea College student by the name of Earl Thompson, who is said to be called "Cincinnati Shorty," was captured there on a charge of stealing \$15 and an overcoat from Tom Brown, his room mate, at Berea. "Cincinnati Shorty" is said to have left on an early morning train Sunday with his roommate's belongings and the latter swore out a warrant for his arrest, which Marshal Abney, of Berea, forwarded on to the Cincinnati authorities. It is said to be probable that the culprit will be brought here for trial in county court.

MORROW TELLS WHY HE PARDONS ALEXANDER

Frankfort, Ky., April 6—Gov. E. P. Morrow sent a pardon for George Alexander, of Paris, who was sentenced to the penitentiary five years ago for having defrauded the Alexander bank, of Paris, out of \$100,000, to the prison at 3 o'clock Monday afternoon by his daughter, Miss Kate Alexander, to whom, more than any other person, belongs the credit for obtaining her father's freedom.

In his reasons for granting the pardon Gov. Morrow said there was no objection made by Circuit Judge R. L. Stout, this city, who tried Alexander, or Victor Bradley, of Georgetown, Commonwealth's Attorney, who prosecuted him, and that the petition for the pardon was signed by 75 per cent of the creditors of the Alexander Bank and persons who lost money through the bank failure and more than 500 of the most prominent citizens of Paris and Bourbon county.

In granting the pardon, Governor Morrow said:

"My investigation discloses that George Alexander, once a proud and influential man, is now old, infirm, and broken both in body and in spirit. He is 66 years old and the confinement of the last five years has made him far older. I believe every purpose of the law has been full met. This man has served a longer term in prison for this offense than ever was served before by any man for a similar offense, except one. I am certain that added years of imprisonment will add nothing in way of reforming this unfortunate man, but will only be added years of useless imprisonment. The example surely has been sufficient to others, and so I am constrained to believe that the law has been satisfied, that the purpose of conviction has been accomplished, and that justice having been satisfied, revenge is entitled to nothing else."

Howat Kicks Again

Pittsburgh, Kansas, April 6—Alexander Howat, head of the Kansas coal miners, definitely refused today to go into the court industrial relations and participate in the investigation of the coal industry now being made here. "I will not recognize it," Howat said, adding that the resolutions recently adopted by the miners' district convention made the miners' position clear. Twenty-four miners of Cherokee and Crawford counties were under summons today to appear before the court and explain the strike of 2,000 miners in those counties. The strike is understood to be in protest against the coal commission's recent wage award.

MEETING POSTPONED

The meeting of the trustees of Oneida Baptist Institute, which was to have been held this week, has been postponed on account of a number of the board being unable to meet there at this time. Dr. O. \$5,000 HAUL IN COVINGTON IN BLOK OF POLICE STATION

The safe in the offices of the South Covington & Cincinnati Street Railway Company, Court Avenue and Park Place, Covington, was robbed early Monday.

The thieves obtained 130 sacks of money, the entire receipts of Saturday on the Green Line System. The offices of the company are about a block from the Covington police headquarters. The robbers opened the safe by means of a powerful triangular-shaped clamp which pulled out

the combination of the safe. The cracksmen evidently were unable to carry away all the money, for much of it was left behind. The amount that they stole will exceed \$5,000. The robbers did not disturb a large number of Liberty Bonds which were in the safe.

Mrs. Clare Doty Traylor, of Rich-
mond, and a brother of Mrs. I. W.
Fish, of Crab Orchard. They are
both popular young Crab Orchard
people and had been sweethearts for
some time. They are spending a
part of their honeymoon with Mr.
Traylor's mother and sisters at Rich-
mond, but will reside at Crab Or-
chard on their return. They are both
very happy now and let us hope
they will ever be. Certainly they
will if they learn to love each other
better as the days go by, as they
should and doubtless will.

SAYS COLD HELPED FRUIT

In the opinion of H. F. Hillemaier,
noted horticulturist of Lexington,
fruit has been benefited rather than
injured by the recent cold weather,
which has delayed expanding of buds
and exposure to frosts. Prospects
for a large fruit crop in Kentucky
this year, he says, were never bet-
ter.

American Weights Wrong.

The United States bureau of stand-
ards reports that many of the weights
submitted by American makers for
test have been unsatisfactory. This
has caused such great delay and in-
convenience that one of the largest
factors is already considering the ad-
visability of importing at least those
weights which are to be certified by
the bureau. Apparently the trouble is
mainly due to insufficient factory in-
spection.

HER OWN RIVAL IN

"SHE LOVES AND LIES"
Norma Talmadge, famed beauty of the screen, is coming to the Richmond theatres Wednesday and Thursday in "She Loves and Lies", a comedy drama founded on Wilkie Collins' story the same name.

In this play, Miss Talmadge portrays two sides of the well known eternal triangle, being her own rivals for the affections of her husband. Miss Talmadge as Marie Callender finds herself wed to a certain Mr. Lismore, whom she marries in a philanthropic mood, to help him tide over some financial worries. It is purely a marriage of convenience, but as time passes Marie finds the "marriage of convenience" extremely dull; whereupon she searches for a method of winning her husband's love. The plan she eventually hits upon is unique to say the least. Realizing that she cannot flirt with him at home under the circumstances, she goes elsewhere, becomes someone else, and sets out to win him. Greenwich Village, the celebrated habitat of the folks whom Irvin S. Cobb has nicknamed the "Hobohemians" is the site of much of the action in the play.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NO-12

WHITE HOUSE MEAT

DISH FOR TODAY

Washington, April 6—The meat dish which will be served at the White House Tuesday in connection with the campaign of the Department of Justice to "Save Money On Meat" by use of the relatively inexpensive cuts, especially those of the forequarter, will be veal cutlets (made from shank meat) and soup, prepared by the following recipe:

Veal Cutlets And Soup

Three pound veal shank.
Cook a veal shank in boiling salted water until tender. Remove as much meat as possible from the bone. Cut the pieces to resemble chops.

Take this veal and season well. Roll in crumbs, egg and crumbs again and saute in butter or butter substitute. Garnish with parsley.

For the soup take the remaining portion of the shank and put it into a kettle with 3 cups brown stock and a few peppercorns, salt, celery salt, and any other seasoning desired. Add 1-2 cup each of sliced potatoes, turnips and parsley. Cook for one-half hour. This veal shank provides a soup and cutlets for a family of five.

Why hens never lay half an egg!

The usual method of feeding mostly grain, makes yolks but not enough whites to complete the eggs. As the hen cannot lay these half-made eggs, she absorbs them back into her system. Missouri Experiment Station tests showed that 100 lbs. of wheat, corn, oats, barley and kafir corn make (above bodily maintenance) an average of 224 yolks but only 154 whites. Based on data from the same experiments, Purina formulas produce, (above bodily maintenance) as follows:

Purina Scratch Feed	247.49 yolks	142.11 whites
Purina Chicken Chowder	182.05 "	282.55 "
Combined Ration	429.54 yolks	424.66 whites

Note the perfect balance of yolks and whites and the large number of each. This combination of Purina Feeds makes the maximum number of complete eggs, eggs a hen will lay. That's why we can absolutely guarantee

more eggs or money back

on Purina Chicken Chowder if fed with Purina Scratch Feed as directed. You take no risk.

FEEDING PRAIRIE CHICKENS

(The Associated Press)
Fargo, N. D., April 6.—Thousands of North Dakota farmers have been feeding prairie chickens during the past winter as a means of conserving what is considered the most important wild bird in the state. Spaces about 100 feet square have been kept clear of snow, comparatively close to houses and barns, and table crumbs, screenings and grain scattered thereon daily and the wild birds were fed as regularly as barnyard fowls.
